
MY **AIM**STORE connect

Your MyAIMStore site is the perfect platform to share your personal testimony, experience or information about the AIM products. Shown below are AIM's policies and procedures regarding testimonials.

Please review these guidelines before adding your testimony.

Testimonials: *One of the most powerful stories Members can tell is their personal experience with the AIM products or with the AIM business opportunity. However, not all the benefits experienced are appropriate for posting on the Internet. Government agencies establish guidelines and rules of what can and cannot be said. Even an experience verified by a health professional or by other people may not conform to regulatory guidelines. Any testimony on a website including MyAIMStore sites is bound by these guidelines.*

There are a couple of different options to add your testimony. The first option allows for a shortened version of the testimony and will appear with other testimonials on your site. Login to your site by visiting <https://myaimstore.com/your-store-name-here/wp-admin/> or use the Login link in the bottom right corner of your MyAIMStore Website. In the left menu, click Testimonials.

1. Add New
2. Add a Title for your testimony
3. Enter the content of your testimony with Text using the Visual tab or add some HTML by switching to the Text tab. .
4. When finished entering your content scroll down to 'Testimonies Post Options' and enter your name, which will be displayed by your testimony.
5. Click "Publish" to save and display your testimony.

A second option would be a blog to share your full testimony, recipes or business building tips. [Click here to watch](#) as we demonstrate how to add your testimony and start a blog.

HERE'S A TIP

“Sliders & Blocks & Content, oh my!” Website terminology can be confusing so we’ve put together a [video](#) identifying these sections of your MyAIMStore site and how to update them.

TRAINING

We’ve continued to add a selection of training videos that provide step-by-step instructions to personalize your MyAIMStore site. You can find the videos here:
